- All configurations include computers and built-in filtration.
- Filter located between Frymaster and Dean fryers.
- Spreader Cabinet may be substituted for a Frymaster (15") or a Dean (20") fryer.

Create the battery that fits your cooking needs best.

Combine open-pot and tube type. Choose a number of combinations. Fry batteries can be crafted from dozens of options and multi-unit configurations, with a built-in filtration system to serve the entire setup.

Custom designed to perfectly suit your operation, the Application Series will "Fit the Way You Fry," uniting all your frying needs in a single battery.

Chef Ben Cofin on what the Application Series Fryer has done for his operation.

"Food quality is important to every chef, and this equipment ensures consistent and high-quality products. I would highly recommend the Application Series Fryer. It's easy to program and offers a wide range of cooking possibilities."
